ABOUT US

DURAWOT is setting new benchmarks in the stainless steel water tank industry. Backed by decades of excellence in manufacturing, marketing, and distribution of high-quality infrastructure products, the brand symbolizes purity, durability, and trust. The vision of Mr. Purshotam Goyal, Chairman of BDG Group, combined with the progressive leadership of Mr. Himanshu Goyal and Sanya Goyal, has transformed DURAWOT into a name synonymous with innovation and reliability in water storage solutions.

The **DURAWOT** brand, backed by world-class technology and strict quality standards, ensures water stays safe, cool, and pure for every household. Our tanks are manufactured using 304 & 316L surgical-grade stainless steel, offering unmatched resistance to corrosion, temperature variations, and fire hazards. We are committed to ensuring 100% safe and clean water storage, promoting sustainable and eco-friendly solutions, and maintaining world-class quality benchmarks.

With a mission to create a “**New Era of Purity**”, DURAWOT is fast becoming the preferred choice for smart households, industries, and institutions across India. With a fast-growing presence across India and a vast network of dealers and distributors, DURAWOT is committed to delivering excellence through advanced technology, dedicated customer service, and eco-friendly manufacturing.

INSULATED STEEL WATER TANK

नये युग की शुरुआत

Why Choose Durawot Water Tank?

- **layered-insulation**
Advanced thermal protection to maintain water at the right temperature.
- **Hygienic**
No bacterial growth, no foul smell, and safe for drinking water.
- **Food grade Stainless Steel**
Rust-free, corrosion-resistant and built to last decades.
- **Durability Garanteed**
Strong build with UV protection and weather resistant.
- **Eco-friendly choice**
100% recyclable and sustainable design.

Because our family deserves water that's as pure and fresh as nature intended, without harmful chemicals, odors, or temperature fluctuations.

Why Choose Durawot Duplex Steel Water Tank?

LAYERD INSULATED TECHNOLOGY

Did You Know?

Plastic Causes Cancer.

SAY No to Plastic Tanks?

- **Chemical Leaching**

Heat and sunlight can cause plastic to release toxic chemicals (BPA, phthalates) into your water.

- **UV Damage**

Sunlight breaks down plastic, producing microplastics and reducing tank lifespan.

- **Bacterial Growth**

Plastic surfaces develop scratches that harbor bacteria and algae, making water unsafe.

Serious Health Hazards of
Plastic Water Storage Tanks.

**Right Time to
Change is Now.**
